MAYNE

MIS-031

Berkshire

Storage Bin Collection

SPECIFICATIONS

Dimensions	20" L × 20" W × 38" H
Capacity	45 gallons
Max insert	14.5" × 14.5" × 30" H

In the box

A	Storage Bin 1 pc
B	Lid 1 pc

ASSEMBLY

01 Unpack & check

Remove the bin (A) and lid (B) from the packaging.

02 Choose a spot

Set the bin on a firm, level surface — a porch, patio, or beside the driveway.

03 Load with care

Store sand or salt in its original packaging or an insert receptacle (up to 14.5" × 14.5" × 30" H). Never pour it in loose — it can bow the walls.

04 Snap on the lid

Align the lid (B) with the top of the bin and press down until it snaps into place for a secure fit.

A little care.

Clean with a soap solution and high-pressure water for best results.

Built to last.

Polyethylene construction resists weather, rot, and fading season after season.

We're here.
