

## Product Care & Maintenance Guide

---

Timeless Elegance, Season After Season

### General Cleaning & Upkeep

- Use a non-abrasive cloth and mild cleaner.
- Rinse with a garden hose.
- For deep cleaning, lightly pressure wash the exterior. Avoid high-pressure settings near seams or corners.

### Winter Storage Guidelines

- Safe to leave outside all year.
- If storing:
  - Empty the soil and clean it thoroughly.
  - Allow to dry completely before storing.
  - Store in a dry space or cover to protect from debris.

### Window Box Product Care

- Make sure the surface where brackets and anchors are installed is sturdy and in good condition.
- Use only brackets and anchors rated to support the full weight of the filled planter.
- Position brackets to allow for proper drainage and airflow beneath the window box.
- Inspect all mounting hardware regularly, especially during seasonal changes.
- Tighten any loose components using proper tools to keep the window box securely and evenly mounted.
